MARYVILLE WINS THREE MEET CUPS

LOCAL TRACKSTERS CAPTURE MAYSVILLE EVENT

SIXTEEN SCHOOLS ENTER

Two Relays Are Deciding Events For Maryville—Nicholls of McFall, High Point Man

The Maryville High School won the second annual track and field meet held at Maysville yesterday.

By winning both relays, five fourths, six thirds and two seconds, the local tracksters collected a total of 33 points. Their nearest competitor was St. Joseph Central with 24 points.

Until time for the two relays, the track meet had been a neck and neck race. Maryville was holding 23 points, St. Joseph Central 24, and Maysville 22. However, when these two thrillers had been run off, Maryville held a comfortable margin over the other schools.

The half-mile relay was easily the feature event of the meet. Making the distance in 1 minute, 36 seconds, the Maryville quartette not only broke the Northwest Missouri record of 1 minute 38 4-5 seconds but was even better than the M. I. A. A. mark of 1 minute, 36 2-5 seconds.

Fourteen records were broken in the meet. The track was fast and the event was well attended. Sixteen schools competed for honors and about 150 athletes were entered.

Trenton, Plattsburg, McFall, Lathrop, Cameron, Kidder, Bethany, Breckenridge, Maysville, New Hampton, St. Joseph Central, Hamilton, Grandview, Savannah, Maryville and Osborn had athletes at the meet.

Most of the time tomorrow will be spent in reading the articles, looking at the pictures, or attentively scanning the pages, to see if they are the butt of some joke. The last of the books will be off the press at the Maco Print Shop tonight.

The 1923 "Maryvillian," which contains about one hundred and fifty pages, is dedicated to Mr. L. L. St. Clair, the principal of the high school. Mr. St. Clair is the senior class advisor, and has superintended the publishing of the annual.

The following is the order of books, of the annual; building, administration, classes, organizations, activities, athletics, and jokes.

All soft drink stands are required to remove screens and partitions which obstruct the view of the interior.

Manufacturers of near-beer must stamp their names on all bottles or kegs of the product.

Physicians are required to make a thorough examination of all persons applying for alcoholic prescriptions, and a higher price shall not be charged than for non-alcoholic prescriptions. Druggists are prohibited from charging excessive prices for liquor sold on prescriptions.

Persons found in motor cars or conveyances with liquor and having in their possession a revolver or other deadly weapon, on conviction shall be sentenced to the penitentiary for not less than two years. However, this shall not apply to persons transporting liquor for personal use, or to a passenger who did not know the vehicle was used for unlawful purpose.

W. J. BRYAN LOOMS AS CHURCH LEADER

ELECTION AS PRESBYTERIAN MODERATOR APPEARS CERTAIN.

OUTLINES CHURCH PLANS

Commoner Would Reach Unchurched Millions and Double Presbyterian Membership in Ten Years.

Indianapolis, May 17. — Virtually withdrawal as a candidate for moderator by Dr. Hugh K. Walker of Los Angeles, and nomination by him of William Jennings Bryan, made the selection of the Commoner, as moderator of the Presbyterian Church cof th United States by the 135th General Assembly appear certain today.

Representatives of the 987 Presbyteries, caught by the fevered earnestness that marked the entrance of "The Boy Orator of the Platte," into the political arena thirty years ago, were ready to follow him in a crusade of his later, but still vigorous years, for the regeneration of the church.

To reach the unchurched millions, and to double the Presbyterian Church membership within the next ten years, was the high mark set for achievement by Bryan, but regarding his candidacy as moderator, he maintained silence.

A. B. ADAMS NAMED COLORADO SENATOR

APPOINTED BY GOVERNOR SWEET TO SUCCEED NICHOLSON.

CUTS G. O. P. MAJORITY

Next Senate Will Have Voting Majority of 8—Adams Lined Up With Progressive Democrats.

Denver, May 17.—Alva B. Adams, Democrat of Pueblo, Colo., and a well-known lawyer, was today appointed United States senator from Colorado by Gov. W. E. Sweet.

Adams succeeds the late Samuel D. Nicholson, Republican and the appointment is for the term ending March, 1927.

In making the appointment Governor Sweet declared that he believes no one in the state of Colorado is more qualified for the position than Adams. Adams' appointment was preceded by several eleventh hour conferences in which representatives of the so-called Liberal Wing of the Democratic party, insisted upon an outline of the appointee's probable attitude on activities of this group of senators in the next Congress.

The program submitted to Adams for approval it was said, embodied many of the principals in regard to the national legislation that are advocated by the "progressive bloc" in the upper house of Congress with which Governor Sweet is considered to be in sympathy.

Washington, May 17.—The appointment of Alva B. Adams, Democrat, to the United States Senate to succeed the late Samuel D. Nicholson, Republican, from Colorado, cuts the Republican majority in the next Senate down to eight members.

RUMBLING OF WAR CLOUDS IN EUROPE

PEACE TOTTERING AND HOSTILITIES ARE THREATENED.

MANY TROOPS MASSING

Turks and French on Verge of Fighting—Anglo-Russian and British-Turk Situations Serious.

London, May 17—"Great Britain is conciliatory toward Russia and we hope that the demands contained in the British not of May 8 will be met by Moscow, thus avoiding a rupture," acting Premier, Stanley Baldwin, announced in the house of commons this afternoon. Officials refused to make any definite declaration that the rupture would be averted.

London, May 17.—With the Lausanne peace conference tottering, and hostilities again threatening in the near East, statesmen are frankly worried today over the new crop of crises which are beclouding the future outlook. The whole European situation is unhappy with war rumblings.

It is understood that Great Britain has made tentative plans to evacuate Constantinople in the event of fresh hostilities between Greece and Turks. There is high tension between the Russians and Turks. The Lausanne government has reported a massing of troops of the Turkish-Caucasian frontier. The Turks and French are on the verge of fighting in Serbia. According to the latest reports, the French are erecting fortifications in north Serbia. From some sources, however, it is being denied that the Turks have concentrated forces against France.

The Anglo-Russian situation is delicate, and at best the European situation is none to rosy. Many believe that an open break will soon take place between the Western and Eastern powers of Europe.

LARGEST CIRCULATION IN NODAWAY COUNTY

LATE TELEGRAPH NEWS

Wichita, Kan., May 17.—Dan Grantham, sheriff of Las Animas County, Colo., a wild western county larger than some states, brought the law to Wichita when he stepped off a train at the union station with two 45 caliber six shooters slapping his chaps in plain view.

But Wichita, with an ordinance prohibiting the carrying of concealed weapons, brought the law to Sheriff Grantham. A patrolman took the Colorado officer to headquarters where Grantham was disarmed despite his pleadings that his firearms weren't concealed.

Grantham came to Wichita with Edward Hodges of Kim, Las Animas county to return Hodge's wife and daughter for trial on charges of burglary and grand larceny brought by Hodges in connection with the theft of valuable papers. Hodges later connected with the law when he was jailed on charges of drunkeness and carrying concealed weapons. Later the entire party was released in charge of Grantham who had the three in tow as they boarded the train for Kim.

Wellington, Kan., May 17.—The fast thinning lines of the "boys in blue" grew noticeably thinner in the past year—just how thin became apparent today when reports were delivered at the forty-second annual encampment of of G. A. R. for Kansas to show that ten per cent of the membership of the order in Kansas had died in the last year. Total membership now is barely 4,000. Proposals that the annual parade be discontinued because of extreme age of members brought a vociferious "no" from a majority of the delegates.

Topeka, Kan., May 17—Several hundred Kansas grain dealers were here today for the twenty-sixth annual convention of the Kansas Grain Dealers Association which opened yesterday. Matters pertaining to the improvement of facilities for Kansas grain and of meeting whatever car shortage may exist were among the principal topics to be discussed.

When Mammoths Roamed the Land.

Mastodons and woolly mammoths were once as thick in New York as bison were on the western plains a century ago, according to Dr. Sherman C. Bishop, zoologist of the state museum. Although the mammoths were more closely related to the elephants, the only surviving members of the family, they were the first to become extinct and probably passed off the scene while the mastodons were still thriving. Skeletons of mastodons, more or less complete, and some of them suitable for museum mounting, have been found in about 100 localities in the state, the last one at Temple hill, Orange county, in 1921. The first was found in Columbia county, not far from Albany, in 1705. These huge mammals are believed to have flourished about the end of the last glacial period, some 20,000 years ago. Their skeletons are found generally in the marsh lands of those early days.

Worse and Worse.

"How yo' feelin' now, Sam?" questioned his wife, entering the hospital ward nervously.

"Liza, I'se a sick man," moaned the patient. "De doctors says I's got berkolosis."

"Dat's all right, Sam; we'll take keer of yo' an' get rid of dat berkolosis."

The following day, however, when his wife returned Sam was more dejected than ever.

"Tain't no use, Liza; no use. I ain't never gwine git well. De doctors say dis heah mornin' I got two berkolosis."

THE STORY OF THE NEWEST NEW ARRIVALS IN MARYVILLE

Have you heard about, or seen those newest new arrivals in Maryville, here for the first time; here from abroad, from Japan, Panama, Madagascar, and from the Honduras? Well, to begin at the beginning of the story:

Early this year while in the Southland, Mr. Corwin of the Corwin-Murrin Clothing Company, visited New Orleans. He wasn't there long before he realized the truth of the statement that New Orleans is the importing center for the finest straw hats in the world. He also realized that they wear better straw hats in the South-land because they wear more of them—they wear them the year around there.

So Mr. Corwin negotiated, then and there, for the appearance of those newest new arrivals. And men, they are here—the finest line of imported straw hats you ever saw. Corwin and Murrin Clothing Co. is glad to announce that they can, and will, sell these hats for less money than they got last year for the other hats they had, just because they bought them for less money; naturally as they bought them at the greatest straw hat importing center of the World.

Men, these hats—hats different from ordinary straw hats—are on display in their show window. You can see your choice there surely—Adv.

Bandits Kill a Railroad Officer

Leavenworth, May 17—Police and railroad agents today were seeking two white bandits, who early this morning, in a gun battle in the freight yards here, shot and killed James David, Missouri Pacific special agent.

David and Herman Boyd, a fellow officer, found the two men attempting to break into a freight car of the Missouri Pacific, and commanded them to surrender. Instead of doing so, the men opened fire, and in the battle which followed, David was killed. The bandits escaped into a nearby thicket.

Oklahoma City, Okla., May 17—Investigations of two "whipping parties" by masked bands which have been ordered by Governor J. C. Walton were under way today. According to officials, arrests are expected shortly in the case of the flogging of Frank Chastain of Chocotah recently by masked raiders. Names of six men in the mob whom Chastain claims to have recognized were given by him today to special agents of the governor. Baxtor Taylor, assistant attorney general today began a probe of the whipping of Claude Nathan of Anadarko recently by masked men in which Nathan was seriously injured. Governor Walton has declared that he will put Anadarko under martial law unless the civil authorities obtain convictions of the masked raiders who assaulted Nathan.

Charles Warehim and son, George of Ravenwood, drove to Maryville yesterday.

Facts About Child-Birth

AN eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the Little One arrives!

Mrs. Wm. Washington, 107 Louise Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without 'Mother's Friend' during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes child-birth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA-47, Atlanta, Ga., for a free wonderful book containing information every expectant mother should have. Get a bottle of "Mother's Friend" today. It is sold by all druggists—everywhere.

Safety Engineer in Maryville Making Inspections Today—New Law Effective June 30.

J. H. Strang, safety engineer of the Maryland Casualty Company of Baltimore, Maryland, was in Maryville today inspecting the plants of his company's clients. Mr. Strang says that great strides have been made in the past few years in the safety work in industrial plants in the interests of the workers' welfare. After inspecting the mechanical department of the Democrat-Forum, Mr. Strang said, that for a small town plant, the machinery was unusually well-guarded.

A new law designed to insure increased safety of workmen with machinery, will go into effect at midnight June 30. "This law going into effect," said Mr. Strang, "is the new schedule of the United Insurance Companies of the United States, and has been accepted by every state in the union with the exception of California and Pennsylvania, and we believe that these states will adopt the same schedule soon."

The new law, while making safety devices for machinery compulsory, enables the insured to reduce his insurance premiums. Mr. Strang left this afternoon for Richmond, Mo., where he will inspect the coal mines there.

Indian Oil Leases to Foreign Corporations

It Is That Way Will Now Be Open To Other Foreign Companies For Indian Leases

Washington, May 17—The action of Secretary of Interior Work in approving certain leases in Indian oil lands to the Roxanna Petroleum Corporation, portion of which is owned by foreign leases, is expected to be followed by many applications for such leases by other foreign oil corporations, it was learned today.

In holding that the restricted allotments of Indian lands are privately owned and cannot be considered as a part of the public domain, Secretary of Interior Work has apparently let down the bars to foreign oil interests to bid for Indian oil leases. The closest scrutiny, however, will be given to all such applications for assignments of leases.

Band Will Play for Memorial Services

The Maryville Concert Band will make its first formal outdoor appearance on May 30 in connection with the memorial day observance, C. D. Kutschinski, director, announced today. The regular outdoor band concerts will be held on Thursdays of every week following the memorial Day program. They will be held in the band stand in the Court House yard.

The band has shown marked improvement during the past year. There are about thirty regular pieces in the band at the present time. At different times they are assisted by six or eight other pieces. The indoor concerts, given by the band this winter, proved very popular and were well attended.

Nodaway County Heifers Bring $8.75

Paul Campbell, a progressive young farmer and feeder of Nodaway county, Mo., was on the market Wednesday with a load of well fatted heifers that brought the very satisfactory price of $8.75. There were 32 head in the lot that averaged 722 lbs. These heifers were the 1st cattle ever fed by Mr. Campbell and they proved good money makers.—Stock Yards Journal.

Other Nodaway shippers on the St. Joseph market yesterday were Joe Walker, C. S. Gordon, and Henry Morehouse. Mr. Morehouse had thirty yearling steers, weighing 843 pounds, which brought $9.20.

Wilfred White With Western Electric Co.

In a letter received from Wilfred White, now at New York City, he states that he is now instructor in the school of electric testers for the Western Electric Company there. Mr. White left here a few months ago for New York. The following is a portion of his letter:

"I went to work for the western Electric Co. when I first came to New York and they put me through school here. It is the purpose of training men to be "Electrical Testers" in machine switching or automatic switching. It sure is a delicate piece of work, and by its use no operators are needed to make connections. Well I went through the school and then they made an instructor out of me. I like the work very much and it is intensely interesting, especially when you think that a machine is so constructed that it will pick one line out of 10,000 that is the capacity of one exchange, and when the work is completed there will be enough exchanges to take care of 2,000,000 subscribers or over."

109 Irish are Deported to England

Dublin, May 17—The Irish deportations which were made to England yesterday were made as a result of the work of O'Brien, famous leader of the Free Staters.

One hundred and nine Irish deporters were marched to the dock where they were placed on board a government steamship. Deportations took place last year after a number of raids at Scotland yard.

Mrs. Rutha Cornett, 714 N. Buchanan St., Maryville, says: "Doan's Kidney Pills have been in our medicine cabinet for a good many years. I used them when my kidneys were not acting properly. At that time sharp pains caught me in the small of my back and left me in a lame and miserable condition. I only used a few of Doan's Kidney Pills for this bad attack and they promptly relieved me. The Golfer's Hell

H. J. Hughes, George Low's partner, says his favorite golf story is the one about the golfer who died and took the elevator going down. The devil welcomed him and showed him over the most beautiful course he had ever seen. The golfer was delighted. "Where are the clubs?" he inquired. "There aren't any," said the devil. "That's the hell of it."—Argonaut.
